

# BROCHURE RAPPA NUI 2019

# Introducing...

Rapa Nui is the original Polynesian name of Easter Island, the best tropical hide-away in the world. Well hidden in the waves of the Pacific Ocean. Rapa Nui was rediscovered at Easter in 1722 by the Dutchman Jacob Roggeveen. A place where you can hide from the rest of the world. Unique due to its own identity, character and the extremely friendly population.

Rapa Nui is a place where everyone can enjoy the setting sun, sand between the toes, good food, funky music, cocktails or a nice glass of wine. No nonsense, relax and pure enjoyment.

## Customization

At Rapa Nui "the sky is the limit" and we like to work towards a result where the guests can fully agree with the concept that we propose. We like to think along with you and sometimes very creative solutions arise to make all your wishes come true. The playful and variable layout of the pavilion makes it suitable for both a small intimate group of 15 people and a large fanatic group of 1500 people.

Rapa Nui joins forces with surf school Surfana Zandvoort for a total beach experience that nobody will forget. We would like to make an appointment to get to know you, to hear your wishes and to give our input in order to achieve the best result.

hide-away van de  
Nederlandse kust”
